

## Using the PA Preferred Website

Standardbred Horse Sales Company is proud to present our PA Preferred website to customers and friends. This printable instruction sheet will explain how to use the site to your best advantage.

Let's start at the top. Just under our logo and dates of the Sale, a "pulldown menu" extends across the width of each page. The menu offers a number of topics of interest which can be accessed by placing your mouse over the headings, and double-clicking on your choice of the options that appear. **Catalog**, **Consignors**, **Results**, **Harrisburg**, and **"About Us"** headings are listed. Other information on the **Home** page includes a list of Outs, PDFs of current Sale Results, and a link to our **Consignor Directory** which we will discuss later. To return to the **Home** page, simply click on the blue **Home** button.

The first button is for the **Catalog** section. After moving your mouse over the **Catalog** button, click on the **Catalog Request** button below. You can enter contact information to receive our catalog by mail, and click "Submit"; if you make an error, hit "Reset" and start again.

Download Selected Pedigrees

Note the way the page is organized. The name, sex, gait, hip #, and eligibility are displayed. If you only want to look at one pedigree, click on the Adobe Acrobat graphic . If a video is offered, there will be an icon inserted in the box in the "Vid" column. Click on the icon to play the yearling video. You will need a copy of Real Player to view the video – a free download is available at [www.real.com](http://www.real.com). Next is the name of the Dam, and then the Consignor. If you want to download multiple pedigrees from the page, simply click on the small boxes in the extreme right "Select" column to choose the ones you want, and then click "Download Selected Pedigrees". All the pedigrees you chose will be downloaded to your computer, in a "\*.zip" file.

Now back to the **Search** page. Just below the main table is a link to our very useful **Advanced Yearling Search** function. For the first time, you can quickly sort yearlings by multiple specific categories.

Advanced Yearling Search - by any of the following  
 Choose as many or as few criteria as you want. For example, view all "Pa. eligible trotting fillies" or all "fillies by Muscles Yankee" by choosing the designated options.

option #1		option #2		
<input checked="" type="radio"/> Trotter	<input type="radio"/> Colts	Eligibility ▾		View Results
<input type="radio"/> Pacer	<input checked="" type="radio"/> Fillies	or		
<input type="radio"/> All		Sire ▾		

In Option #1, select gait and sex, and then in Option #2 choose eligibility or sire (if you wish). Here, all trotting fillies are selected, without a specific eligibility or sire. By clicking on View Results, all the trotting filly pedigrees will be displayed. If "Pennsylvania" were also selected in the Eligibility pull-down menu, you could display only Pennsylvania eligible trotting fillies. This is a powerful tool to focus quickly on the exact yearlings you are looking for!

Our **Consignor** section has a great feature – the **Consignor Directory**, which can also be accessed from the **Home** page. Contact information, yearling listings, and access to individual Consignor websites by clicking on the Consignor's logo can be found here (top row displayed):

Each Consignor's Consignment will be displayed in a format similar to the **Advanced Search** results. Choose the pedigrees of interesting horses for downloading by checking the "Select" boxes in the right column, and clicking the "Download Selected Pedigrees" button at the bottom of the page. Double clicking on the Consignor's logo will usually take you to the Consignor's website, which loads on top of the Black Book website. Consignors with simple blue background / black lettering do not have websites.

The **Sale Results** section should look familiar. Real-time sales information will be displayed as in past years. These will also be posted as downloadable PDFs from the **PDF Results** link near the bottom left of every page. **Archives** from previous Sales will be found in the **Results** section. We have provided a link to the very useful [Bluestone Farms Auction Database](#) on the **Archives** page.

The **Harrisburg** section provides all the information you need to make your visit a pleasant one. The **Hotels** page gives contact information for our Host hotel, the Sheraton Harrisburg Hershey Hotel, and also for the Hershey Harrisburg Regional Visitors Bureau, which offers information about a wide range of hotels in the Harrisburg area. The **Maps** page gives directions to the Farm Show Complex, as well as several printable local maps of the Harrisburg area. The **Restaurants** page has links to extensive information about Harrisburg area restaurants.

Finally, the **About Us** section provides **Staff** listings with contact information, and the address and telephone number of our corporate offices.

We hope you have found this information helpful to you. We believe that customers and friends can find everything they need to help them make the very best decisions about their purchases, and to make their stay in Harrisburg an enjoyable one. We look forward to seeing you in Harrisburg!
